

Dear Parent/Carer,

I am writing today to introduce myself and share some information about my role and Alloa Academy's expectations and standards regarding digital devices and digital learning. My name is Ryan Lynch, and I'm the Principal Teacher of Digital Learning. I look forward to working with you and your young person to ensure they have a positive and productive experience with technology in the classroom.

Chromebooks: Essential for Learning

At Alloa Academy, we believe Chromebooks are an essential tool for learning. They allow students to access a wealth of online resources, collaborate with peers, and engage with interactive learning materials. Therefore, we expect all students to bring a charged Chromebook and its charger to school every day.

Don't Worry About Breakage

We understand accidents happen. In the event of a Chromebook malfunction, we have a robust device repair system in place at school. Most minor repairs can be completed quickly and efficiently. In rare cases of serious damage, a replacement Chromebook may be provided.

Forgot Your Chromebook? No Problem!

We recognise that sometimes students might forget their Chromebooks at home. Don't worry! We have a limited number of Chromebooks available for short-term rental on a first-come, first-served basis. Pupils should return their rental to the school office at the end of the school day. If your child needs to borrow a device, we will notify you by email.

Working Together for Success

By working together, we can ensure that all students at Alloa Academy have the technology they need to succeed both in school and the skills needed for their positive destination. Please emphasise to your young person the importance of bringing their fully charged Chromebook and charger to school every day.

S1 Chromebooks

We have attempted to deploy some of our first years with their Chromebooks this week. However, we have encountered issues with logins. We are working hard to fix this and will try to get the devices to our new S1s ASAP.

Do you have any questions?

If you have any questions about Chromebooks, the device loan program, or our repair system, please don't hesitate to contact me at clrlynch@glow.sch.uk.

Thank you for your continued support.

Yours sincerely,

Ryan Lynch
